

WE'RE SO GLAD YOU'RE ONE OF US

1. So now you are here
Maybe a new Hat
Or a Key Volunteer
It doesn't matter
We just want to welcome you
To this community
We have our differences
But eventually find unity

CHORUS

Yeah yeah Blue Skies is great
Yeah yeah meetings are good (pretty good/really good/great too)
Yeah yeah yeah yeah yeah
We're so glad you're one of us
Yeah you're meeting (thinking/planning/partying) with all of us
You can relax here now because
You have found your Blue Skies home

2. We connect and talk and think and plan
At every meeting
But we also like to party
And we're really good at eating
We listen to each other and we
Let down our defences
And pretty soon a miracle
HEY! WE HAVE CONSENSUS!

CHORUS

No more meeting days at home
Just sittin' round all alone
Your list of friends has surely grown
'Cause you have found your Blue Skies home

3. We have builders, parkers, security
And masters of tarpology

And we have gone garbage-free
'Cause we care about ecology
We've got kitchens making food
That is supremely edible
And we've got Magoo – who is
SIMPLY INCREDIBLE!

CHORUS

4. Why Blue Skies is successful is
A bit of a mystery
But we have awesome people and
A whole lot of history
You've taken on a job so Blue Skies
May not be too restful
But you are now a part of
THE WORLD'S GREATEST FESTIVAL!

CHORUS

No more meeting days at home
Just sittin' round all alone
Your list of friends has surely grown
It sure beats playin' on your phone
It's the most fun you've ever known
'Cause you have found your Blue Skies home
YOU HAVE FOUND YOUR BLUE SKIES HOME!
